

# Faulkner County Salary Survey

From the Association of Arkansas Counties

The Association of Arkansas Counties 2009 County Government Salary Survey is a compilation of the results of a survey conducted by the Association of Arkansas Counties. This survey is undertaken to assess the prevailing wages and salaries of county government officials and employees in Arkansas. The information included in this survey was based on 2009 Budgets and includes budget amendments reported to AAC.

A word of caution is necessary for those using the information in this report. Obviously, no two county governments operate exactly the same and this variable should be remembered when attempting to make meaningful comparisons of the information presented. Also, salaries are only a part of the total compensation package. Many other factors, such as insurance, sick leave, annual leave, retirement, and other fringe benefits need to be considered before valid comparison can be made between counties.

We wish to express our appreciation to the officials and employees in each county who helped make this publication possible.
